San Franciscan Named DC Assistant Police Chief

A 29-year-old San Franciscan will take over as assitant police chief here June 17, despite a last-minute attempt Monday to forestall the new position for at least another year.

Roy Clinton McLaren, 4300 Anza street, was appointed to the new job by Chief Roland Petrocchi. McLaren, who finished first among six candidates taking the exam, is presently doing research on police administration for the American Bar association.

His police background includes: two years on his present job; with Central Intelligence Agency, Washington, D. C.; Berkeley policeman, three years; correctional officer with California Vocational Institution, one year.

He was graduated from University of Southern California in 1951, majoring in police science and administration. He has attended University of California for 18 months, working toward his masters degree.

Gets $598

McLaren will receive a starting salary of $598 with a top of $660.

Councilman Micheal DeBernardi, who opposed the new administrative post from the start, declared Monday that filling of the job was a matter that should come up for consideration along with the budget.

Two officials who had earlier opposed the job, Petrocchi and Councilman Del Wilson, reversed their stand and spoke in favor of the new position, leaving DeBernardi alone in his argument.

De Bernardi said he was not against the position, but was opposed to filling it at this time, maintaining that need for patrolmen outweighed the need for the administrative post.

"Exceptionally Good"

Petrocchi said McLaren was "an exceptionally good man and will be a boon to the city."

Councilman Paul Hupf chided De Bernardi for "waiting until now to hash this over."

McLaren's duties have not been specifically established, but it is expected that he will act as liaison man between other departments, will handle one shift and will represent the chief and assume his duties in the chief's absence.

Three other candidates passed the examination for assistant chief and have been placed on the eligibility list. They are: William Winter, 29, San Francisco; Timothy Foley, 30, San Francisco; and Hillard Reeves, 40, Richmond.

A week prior to McLaren's appointment Lt. Roy Beecher was named to the newly-created captaincy. Beecher, a veteran of 13 years on the force, finished third on the civil service exam. Other two candidates, in order, are Sgt. Dave Hansen and Inspector John Walsh.

Last week the city council passed a resolution urging everyone to observe Memorial Day by displaying the flag.

Thursday, come Memorial Day, there was no flag flying from city hall.

And in Westlake, a reader called to comment that he had surveyed all the subdivision, found only four flags aloft.

COUNCIL HINTS AT 2 NEW TAX SOURCES

A city sales tax and adoption of an unsecured personal property tax were discreetly mentioned by councilmen Monday as means of financing a $1,463,000 city budget.

Perusing the 1957-58 budget for the second time, councilmen weighed alternatives: 1. New means of raising revenue to finance the large outlay. 2. Whittling each department request to balance income and outgo.

Finding itself $257,000 short on the revenue side, the council called for further sessions with individual department heads to see where cuts can be made.

Meanwhile, City Manager Howard Stites will prepare figures on how much revenue the sales tax would provide, following a request made by Mayor Joseph Verducci.

New Campaign?

The mayor did not elaborate, asking only that Stites make an estimate of sales tax revenue. Reference to the controversial tax, considered a "dead horse" here earlier, indicated a campaign for its passage might again be in the offing.

As another money-making plan, Councilman Del Wilson suggested that the city extend its personal property tax to unsecured goods.

As with the sales tax, the proposal prompted little comment.

Stites emphasized that the budget under study by the council was not his, but merely the total as submitted by department heads.

"We don't expect the council to come up with a balanced budget," he said. "We didn't present it with that in mind. We will respond to the council's wishes if it means cutting the budget or finding new revenues."

"Guidance"

He declared what was wanted from the council was "guidance. We'll be glad to carry out the council's instructions."

A sampling of council comment on the budget ranged from the stand by Sanford Vickers that "we must think of curtailing costs," to that by Verducci, who said, "The citizens may not think curtailment is appropriate for a growing community;" Wilson—"We can economize, we must think of efficiency;" Hupf—"What are the justifications for increments in the departments" We can't make specific cuts until we hear from the department heads;" De Bernardi — "We're trying to cut down on administrative jobs. We're $73,000 over our budget already on salaries alone."

Councilmen questioned department heads Evelyn Mosman, city clerk; Paul Selmi, city treasurer; Dee Van Nest, recreation, and Pat Clark, library, on their respective requests for increased budgets, but made no specific cuts.

Selmi Queried

Verducci queried Selmi on his request for a deputy city treasurer, intimating that the position was not necessary. Selmi argued that an expert on office procedure had recommended last year that the treasurer have a deputy assistant.

Included in the library budget is a $10,000 item for purchase of property adjacent to the Mission street library to be used for expansion of that facility.

Finance Chief Resigns For Post In Torrance

Director of Finance Jerome Scharfman revealed Monday night that he is leaving his post on August 1 for a high-ranking job in Torrance, Calif.

Declaring that the decision to leave was difficult, Scharfman revealed that a "substantially higher salary' was reason for his departure.

Scharfman, who lives at 8 Westlawn avenue, came here in 1955 as city controller and assumed the job of director of finance last August when the new position was created.

As director of finance, he has administered a finance department which handles accounting, water billing and license collecting.

His job in Torrance, a charter city of 82,000 population, will be finance officer, a position created recently by voters.

In that capacity he will handle financial matters for the municipally-owned bus system, scavenger company and airport.

Mayor Joseph Verducci declared Monday that "Torrance's gain is our loss." He lauded Scharfman for establishing a system of budgetary control.

Other councilmen echoed these sentiments.

Scharfman said he would remain with the city until August to assist with the budget.

Westmoor Classrooms Ready By July 1?

Contractor Dick Meyer made his belated appearance before high school trustees Monday night and estimated that his firm would deliver Westmoor High's classrooms to the district "between July 1 and July 25."

Stating his "confidence" in this expectation, Meyer added that he hopes to have the delayed cafeteria and gymnasiums ready by August 1.

No mention was made of a $150 per day penalty clause against the contractor, but such action is a possibility. Meyer and associates via extended contract are supposed to have the "entire" plant ready by June 24.

Additional trouble in getting specific materials and tradesmen, Meyer claims, have forced the new delay.

Meyer told the board that within a week tile on classroom floors will be laid. Glass for the gyms should arrive next week, he reported, and once it is installed, the floors inside can be worked on.

Architect Mario Ciampi suggested that Meyer is entitled to at least five more days because of a recent jurisdictional dispute.

This grant by trustees would make the deadline date on classrooms about July 1, and might meet trustees' approval, according to Superintendent Edward D. Morgan. However, the latter didn't exclude the possibility of a penalty clause move.

Site development at Westmoor, meanwhile, is proceeding rapidly, with some lawns already planted and final grading in the process.

Trustees awarded the "major" part of bids for Westmoor equipment, classroom furniture and shop equipment at their Monday night session. Principal Glenn South and staff hope to be able to stock the school with these items in August, instead of the earlier estimate of July.

To date, the district has paid Meyer $1,712,886 for Westmoor work, with some $813,673 remaining to complete the contract.

HOLD BACK TREASURER'S PAY

HOTTEST battle in years looms over builder Henry Doelger's Westlake Basin site. Jefferson Elementary School District trustees last week by split vote moved to condemn the controversial property for two school sites and an administration center after Doelger announced that he has given options on the 18 acres to Dominican College of San Rafael. Doelger denied that he "had acted in bad faith" towards the school district, as charged by trustee Hartley Appleton... THE RECORD photo

Selmi Not Officially Back On Job

The dormant feud between city councilmen and Treasurer Paul Selmi promised to erupt this week, as the council decided Wednesday to let Selmi make the first move in his quest for three months salary.

Selmi has not been paid since March 4, after taking a leave of absence February 18, two weeks of which was his vacation. Director of Finance Jerome Scharfman said that although apparently Selmi has returned to work from time to time, he did not file any written notification of his status, as requested by Scharfman.

The finance director said he wrote Selmi May 10 and asked him to notify the city when he officially returned to his job. Scharfman said he had received no reply and consequently has held back Selmi's paychecks, amounting to about $1200.

Deputy Handles

Since Selmi's departure, the city has been paying a deputy city treasurer $270 a month. Her job was to have been terminated when Selmi returned from his leave.

Scharfman told the council Wednesday that the treasurer's office accounts were in shipshape order since the deputy treasurer had been on the job.

Said Mayor Joseph Verducci, "We can't pay him unless we know he's on the job." Councilmen agreed that they would continue to refuse payment of salary to Selmi unless they received official notification of his return to office. Consensus was "let him make the first move," which indicates Selmi might have to sue for his back pay.

Councilman Paul Hupf indicated that "there's no need for the position anymore. We should have never made it a full-time job."

"Might Abolish"

Councilman Sanford Vickers suggested that the treasurer's job, an elective position, might be abolished altogether, since he said the director of finance performed the same duties.

City Attorney Frank Blum was asked to check on the action necessary to abolish the position.

In other action at the study session, council scheduled a joint meeting with the Jefferson Elementary School district June 27 to discuss extension of city water lines to Garden Village school and to discuss "other areas of cooperation."

A city-wide project to improve conditions of dangerous sidewalks was discussed and decision was made to undertake improvement of one block at a time.

Councilman Del Wilson was named to represent the council before the state assembly in an effort to secure passage of a bill equalizing amount of municipal court fines and forfeitures withheld from cities. Wilson roundly criticized several north peninsula cities for protesting the bill before the Assembly at Wednesday's session.

DENIES 'BAD FAITH'

Doelger Lashes Trustee's Outburst

Henry Doelger, developer, today flatly denied the allegation of School Trustee Hartley Appleton that "An act of bad faith" was committed in optioning the 18-acre Westlake Basin site to Dominican College of San Rafael.

"Mr. Appleton's remark printed in THE RECORD came as a great shock and does great damage to my company and to my personal reputation," Doelger said.

"In the future it will be necessary to bring a public stenographer to conferences with the school district so an accurate record can be made available."

First, Doelger said, the statement by Superintendent of Schools H. Z. Weibel that the Doelger company's asking price for the Westlake basin property to the school district might be about $15,000 "is absolutely incorrect."

"We showed them appraisals proving the value of the land to be about $20,000 an acre,"

Recreation Figure Quits Post

Mrs. Gordon (Ann) Carlson, member of the recreation commission for five years, submitted her resignation to the council Wednesday.

The active civic worker, who lives at 125 Westlake, said that other activities did not allow her to devote enough time to the recreation job "as it should be done."

Her term would have expired this month.

Several other commission appointments face the council in the next two months. Two terms expire on the library commission June 30, an equal number on the recreation commission June 17 and two more on the planning commission this fall.

Colma Painter Is Jailed; Girl Charges Attack

A 49-year-old Colma painter was jailed last week after a 13-year-old runaway San Francisco girl asserted that he raped her after she entered his home to get out of the cold.

The alleged incident occurred on May 21, but was not reported to Broadmoor police until last Thursday.

The girl, who had left home, said she became acquainted with Dale Flora, 1612 Sullivan avenue, on previous occasions when he allowed her to ride his horse.

On May 21, she told police, she went to sleep in the hay in the barn behind Flora's home, became cold in the early morning and entered the suspect's home, at which time he attacked her.

Broadmoor police chief Ray Savage said Flora admitted the girl entered his home but denies molesting her. He was unable to make $5000 bail or $10,000 bond and was held in county jail.

He is charged with a lewd act against a minor and statutory rape. Preliminary hearing will be held Tuesday.

W.I.A. TRIGGERS DALY CITY FIGHT ON ASSESSMENTS

Incensed to the explosion stage, Westlake Improvement Association Monday night literally "declared war" on San Mateo County supervisors and set the stage for a Daly City-wide protest against the "unfair and unjustified" tax hikes in this area resulting from current land re-assessments by county appraisers.

A capacity audience, fired up by Cass Norton, WIA president, and Peter J. Markovich, Chamber of Commerce spokesman, demanded calling the "county fathers" on the carpet for an explanation of the "crime against Daly City."

Mass Meeting

After more than an hour's discussion, directors unanimously resolved to call a city-wide mass meeting next Monday night at the Westlake Clubhouse, 95 South Mayfair, to "protest the county's act and perhaps get the fathers in

Redwood City to realize that we mean business."

Next Monday's meet, expected to jam the WIA meeting site, should be a corker. Invited and strongly urged to attend are all civic, social and municipal officials, citizens, and most important, all members of the county board of supervisors, and Daly City councilmen.

"The time for us to move is now," Norton declared. "We (Daly City) have been put three or four years ahead of the rest of the county on the tax rolls, while the other communities are getting a free ride at our expense.

All-Out Push

"An all-out effort will be necessary to enlighten the county fathers who are making us the whipping boys of the peninsula. Letters, which have gone to the county in the past, aren't enough. What we want are petitions and a public demonstration on our cause. Perhaps with 2000 or 3000 signatures before them and publicity of mass protest, the county gents will offer an explanation."

Norton reiterated that the protest movement must be a city-wide affair. "People in the older sections of Daly City are getting a worse deal than we in Westlake are. Together we can fight this unjust situation and let the bosses down south know we're more than just a small burg."

Petitions Seen

A door-to-door petition campaign is forecast. Also, failure of county and city officials to attend the session, should give residents more fire in their protest drive.

Norton, fellow directors, and Markovich had their reasons well defined Monday night.

Gist of protest, confirmed by Norton and Markovich, is that Daly City is being placed on the re-assessed tax rolls "at least three or four years ahead of the rest of the county."

Markovich, repeating that the Chamber is solid for the protest but has been given the "cold shoulder" by county officials, cited that "the southern part of the county in particular is getting a free ride, while we're getting the 'forgotten child' treatment."

All At Once

"The entire county should go on the tax rolls at the same time," Markovich asserted. "We've been carrying the load too long—and what are we getting out of our tax dollars," he asked.

"We're not a small city. In fact, Daly City is the fourth largest in the county. In six or seven years we'll be second largest. Why can't we do something to make our influence known," Markovich continued.

Norton gave listeners a sample of the "discriminatory and unjust county tax re-assessments."

From a copy of new assessments made on Westlake land this year, he pointed out that in several cases the tax rate, to be effective this July, has gone up 100 percent. The average hike in some 20 cases cited by Norton amounted to at least 60 per cent.

More From City

"We actually get more for our tax dollar from the city now than from the county," Norton blurted. "Fifty-three per cent of the tax money to the county goes to the schools, but what about the other 47 per cent?"

Markovich added that besides the tax hike protest, residents of Daly City and surrounding communities should get behind a north county health center and a fifth superior court.

The association named Edward Murphy as its spokesman to join Markovich in appealing to city councilmen about the tax re-assessment problem.

Registered letters are being mailed to county supervisors, the county assessor and councilmen to "guarantee they know about this protest meeting next Monday night."

Norton urges all Daly City taxpayers to attend the session "if we are to get something accomplished."

Doelger Lashes At Trustees Outburst

(Continued from Page 1)

Doelger said. "Additionally, we showed them option agreements offering that amount from other educational institutions."

He said the letter that reportedly "stunned" trustees was a confirmation of information given that afternoon during negotiations.

"No Surprise"

"It couldn't have been any surprise to Mr. Appleton or Superintendent Weibel," Doelger said, "because we had definitely informed them of the two options. The offers were mentioned several months ago, in fact, when we first were contacted about selling the basin property to Jefferson district."

Doelger stressed that the Dominican sisters are seeking only a portion of the site. The two options, he said, were taken to give the Dominican sisters a choice, either the 10 acre or the 8.7 acre parcel, for their high school.

"We suggested the school district might make use of one or the other parcels for a school," Doelger said. "Additionally, we tentatively indicated that a Doelger company-owned parcel west of Lake Merced boulevard and across from the basin might be made available for an administrative unit at a fair price. This would have to be enlarged by condemnation of un-used land owned by the golf course.'

Further on the surprise affected by trustees over the option letter, Doelger said a negotiation meeting with the district two weeks ago was called off by Weibel. The Doelger company had planned to report the options being given the Dominican sisters at that meeting, he said.

Condemnation

On the action of the school trustees in starting condemnation proceedings, Doelger said: "We had asked that such a final action be held up for further discussion. But when it became apparent the district couldn't come close to the market price and because of the options pending we decided to send a formal notification to the district. Their last word was that it was time to start condemnation proceedings."

Doelger said a letter will be sent to the school board asking the record be corrected about the "act of bad faith" charge.

"Certainly it is not the Doelger company which has acted in bad faith here," he stated. "We have always worked towards creating good relations with city and school officials. In some cases, the Doelger company has released land at far below market value to further a school or civic project."

COURSE IS CLEAR ON BUDGET

Faint rumblings were heard Monday on the subject of a city sales tax and a second new form of municipal revenue—tax on unsecured personal property—both measures to finance Daly City's out-sized $1,463,000 budget.

The community has plainly demonstrated that it wants no part of a sales tax and we understood the council had finally arrived at the same opinion. We know that a new tax on unsecured personal property would be received with equal dis-approbation.

Why certain councilmen insist on exhuming the sales tax is beyond understanding. Other new taxes are equally distasteful.

We feel the course is clear for the 1957-58 fiscal year. The council must establish a balanced budget policy immediately, then go to work chopping the budget down to a size where revenues are sufficient to meet it under the present tax rate.

Continued casting about for new forms of revenue is nothing but a delaying measure and when budget adoption time comes, the council will find the situation critical. Useless debate over new taxes will consume precious time which the council could devote to the budget paring process.

Every department is going to suffer to some measure by reduced allocations. But they will suffer more if the cuts are made willy nilly at the final hour, after the council has unsuccessfully exhausted its "new revenues" approach.

We concede the council has a tough job:that of eliminating $257,000 from the proposed budget. But their task will be easier if they acknowledge that the problem exists and then settle down to solving it intelligently.

LETTERS TO EDITOR

Ex-Mayor Blasts JESD Trustees On Basin Site

Dear Mr. Bradshaw:

No wonder the Jeferson Elementary School District is an impoverished school district!

If you remember, back in 1949-50, when we were laying out the Westlake area for zoning and location of facilities, the settling pond along Lake Merced boulevard was suggested as a school site. At that time, the property could have been obtained for a couple of thousand dollars per acre, as evidenced by the fact that Daly City acquired a 10-acre park site there for just that figure.

The school board and the State Division of School House Planning turned down the site as being unsatisfactory, stating that the ground was too unstable to meet state school requirements and that it was not properly located geographically. I am inclined to agree that they were right, for most of the recent earthquake damage occurred on filled ground, and Lake Merced boulevard itself, a short distance from the settling pond, collapsed during the first shake.

Now I understand the JESD, by a split vote of the board, indicates they must acquire the settling pond, for a school and administration building. They are offering $12,000 per acre (when they turned it down for $2,000 per acre) but the land is now actually worth more than $20,000 per acre. Mr. Appleton, of the school board, ought to know that, having been in the glass business. When you sell a pane of glass at 50 cents a square foot, you can't expect to buy a plot of ground for 28 cents a square foot.

The district now has two existing schools within 1600 feet of the settling pond and a third school within half a mile of the same site.

The people of this district have been generous and loyal in providing mililons of dollars for schools in the past few years; they want more classrooms and more teachers for their children; they are willing to pay for classrooms, and for increased teacher salaries, if necessary, but they are by now, I believe, fed up with irresponsible buying of land, land, land at fantastic prices. There is plenty of room on existing, district- owned school sites, for additional classrooms, and that is where the money should go.

So far as an administration building is concerned, it should be located centrally, where people may be able to get to it easily when they want to find out why Johnny can't read. A good location for same would have been the old Vista Grande school site, across the street from the War Memorial Community center on Mission street. This property was sold by the school board a few years ago, as surplus, for a pittance.

Any cry about state school administrators selecting sites is pure bunk. The state must approve, but site selection is up to the local board, who are spending our money. Some board members have attempted to leave the impression that the state selects the site, but this is not so. When it comes to local knowledge, and the wishes of the local people, some so-called school administrators are about the same as up-graded kindergarten teachers. The decision is up to the local board, and, ultimately, the people.

Let's spend the rest of the school bond money on classrooms. If we keep trying to acquire land, the district will soon really be impoverished.

Thank you,
PAUL GREEN

Housewife Hits Trustees' Apathy On 'Key' Land

Dear Editor:

Last week, I attended the regular meeting of the Jefferson Elementary School District board of trustees to publicly protest the Westlake Basin for an elementary school site and to further protest proposed condemnation of that site by the board.

Since I had not had sufficient time to write these questions and mail them in time for a place on that evening's agenda, my protests were verbal. However, board members were informed by me that a mailed list of my questions would shortly be in their hands for careful study and consideration before being answered.

Reception of that protest was such as to make me wonder if Democracy was not only dead, but long buried insofar as the JESD was concerned!

First: With all five members of the board being present and only three needed for a quorum, Chairman Mrs. Mullen restricted ALL audience discussion to a short 15 minutes since trustee Hartley Appleton had "an IMPORTANT meeting at 10 p.m." At ten minutes after 11 p.m. when I left the meeting, Mr. Appleton was still going strong, but over coffee and cookies.

Second: Although I had, along with Mr. Paul Hupf who shared that munificent and Appleton-interrupted 15 minutes, clearly- stated that I would like consideration BEFORE the board took definite action, Mr. Appleton mouthed his favorite "We've got a job to do! Let the chips fall where they may!" and promptly called for a vote to give a go-ahead to condemnation proceedings. And the immediately taken vote followed and favored his suggestion!

Since I represented no organized group and came only as spokesman for concerned friends and neighbors wishing answers to a million or more dollars project, it is quite possible that Mr. Appleton and his fellow board members considered me merely another noisy chip—to be dropped on the evening's already high, undemocratic pile!

I sincerely hope that such is not the case, but if the May 29 Elementary School Board meeting shows the general feelings of its members—and I have no evidence to the contrary—may God help those of us who feel our problems will be heard and acted upon in a truly democratic fashion.

Here are questions Appleton and company must answer:

1. Why back administrative offices and K-6 children in a site against the S. F. boundary when the present and future population shift is to the south? A site surrounded by busy highways and requiring the most expensive type of construction due to drainage problems and filled land recommended for a sewage disposal plant because it is the lowest point in this area?

2. Have the possibilities of expanding the Olympia and Westlake Schools been THOROUGHLY explored?

3. Will state law allow the use of bus transportation to this site since the area to be served is so close? (Mothers wonder about this.)

4. Will school and city share the expense of putting in sidewalks, entries, etc., or will they be borne by the city alone?

5. Is it not true that condemnation proceedings are not synonymous with "inexpensiveness" and that the district stands to pay a high price indeed for the basin site? Mills Memorial hospital offered the College of San Mateo $63,000 for a parcel of land and after condemnation proceedings — ended up paying $143,000 instead! Could such a thing happen with the basin site?

Disgusted, but not yet downed—

BRISBANE RECALL ATTEMPT THWARTED

A resignation and an attempted recall of two officers marked a busy and hectic meeting of the Brisbane Home Owners association last week.

Howard Fifield, former president of the group, asked that the new president and vice president, David With and O. M. Coffey, respectively, resign on the grounds that they allowed their names to be used on literature backing the school tax increase, which passed May 17.

Fifield maintained association bylaws prohibited such activity, but was thwarted in his motion for recall when With pointed out that such proceedings required signatures of 25 per cent of the members on a petition. With said he and Coffey as individuals "can serve on any committee we see fit," as long as no reference was made to the association.

Trustee Martha K. Marquette submitted her resignation from the group, declaring she lacked the time and was often "conflict with the majority."

Two persons were nominated for her post—Lucille Jones and Fifield—and a special election will be held June 25. A third candidate, Mrs. Lee Beall, withdrew her name.

Coffey prompted action on a Brisbane "Clean-Up" campaign which will be held later this month, under chairmanship of John Todd.

A "white elephant sale," with proceeds going to an association improvement fund, will be held in conjunction with the tidying up campaign. Those who wish to volunteer labor or equipment are asked to call Todd at JU 4-2668.

Possibility of a bond issue later this year to finance a sewage treatment plant, under jurisdiction of the water district, was discussed. A series of meetings will be held on the issue.

BROADMOOR COP BUDGET, TAXES ABOUT THE SAME

A $36,259 budget, slightly under last year's, was studied by Broadmoor police commissioners at a special meeting Monday.

Despite holding costs, the police district is still awaiting word from the county on loss in assessed valuation, which could cause a slight tax increase. The district lost about 20 per cent of its valuation last year when portions of the district, within the city limits of Daly City, were taken off the tax roll. Chairman Ross Hilton said, however, that he thought a tax hike could be averted.

Included in the 1957-58 budget are tentative plans for purchase of a new patrol car and ambulance. First reading of the budget will be held Tuesday.

New Colma Firm Goes Up In Smoke

A new golf equipment company in Colma went out of business early Wednesday morning—burned to the ground in a $15,000 blaze of undetermined origin.

Wiped out of business after only one week in operation were Fernquest and Johnson, whose one-stary warehouse was located at Junipero Serra boulevard and Collins avenue.

When Colma firemen arrived, nothing was left but the cinders, according to Chief George Bertucci.

A high voltage wire, cut loose by the flames, was repaired just before dawn.

5 Local Youths In CSM Spring Concert

Five local students will participate in the annual spring concert of the College of San Mateo music department this Friday night at St. Catherine's auditorium in Burlingame.

They are: Rick Vallerga, 448 E street, Colma; Bill Hunter, 19 Guadalupe avenue; Virgil Ringue, 143 Werner avenue; Robert Rayle, 373 Niantic avenue, and Ron Biancalana, 62 Terrace avenue.

The program, starting at 8 o'clock, will feature an A Capella choir of 52 voices.

Village Notes

PL 5-0679

The Roy Smiths have traded Maddux for the Palisades . . . Washington's Nellie Krawetz is now secretary of the San Mateo County Democratic Women's club. Congratulations . . .Young John Tingley, whose trip to the games for the deaf in Milan has been underwritten by contributions from helpful readers of a SF newspaper, couldn't be happier. John lives on 87th street with sisters Julie and Jennifer and parents John and Betty. We first met John and Betty when coping with the first prbolems of getting the Village Play school under way. . . . George Wall isn't delivering eggs around here any more. He sold that part of his business, but will keep on supplying the eggs for the man who has taken over, as well as for other commercial outlets.

A pity more people didn't turn out for the civil defense meet a couple of weeks back. After all the uproar about the earthquake, and all the concern and interested manifested, only some 75 people attended to hear some very interesting and important facts stated. At any rate, Stewart street's Jean Bertken, who will be CD chairman for the James L. Snell PTA this year, is busy making plans for her committee's projects, and will welcome interested workers.

Up on Thornhill, Janet Warner had a 9th birthday, so she celebrated with a luncheon party and a trip to the Serra children's matinee. There was quite a crowd of her guests at the popcorn stand: Linda Voreyer, Jerry and John Heick, Sandy Sundstrom, Mary Dunn, Rayme Lichtenberg, Rayna Costa, Donna Greenfield, Lynn Parkison, Olga Hicks, Peggy Clayton, Lynn Smith, Kathy West, and brothers Robbie and Bruce Warner.

What started out to be a choir rehearsal and a building committee meeting at the Broadmoor Presbyterian church the other evening turned into a surprise birthday party for organist and choir director Delmar Severy. There were about 18 guests, cake, coffee, candy, and a special gift from the choir, to say nothing of a general good time. Wonder how much rehearsing and committeeing got done?

Watch for classes in social dancing and etiquette to open at the Westlake auditorium in September. There will be classes for 6th and 7th grade pupils, and for adults. Parents who want to know more can call CL 4-2237, in Orinda.

Citizens Group Supplements Data On Dawson Report

Dear Sir:

The Citizens Committee for Better Schools wishes to supplement the information which was given to THE RECORD about Dr. Dan Dawson's report of May 13, on the Stanford group survey of the Jefferson Elementary School district.

One of the facts that Dr. Dawson emphasized was that the range of academic achievement in grades four to eight is as wide as the range in I.Q., with some children working as far as four grades above their own grade level in both arithmetic and reading. When asked by a teacher what the survey showed about the teaching in the district, Dr. Dawson replied that the wide range in achievement showed that good teaching was being done.

In addition to this, the arithmetic scores were somewhat misleading when compared with the reading scores. Both fourth and eighth grades were tested in arithmetic in the early fall when they had just begun their year's work. A new test was used, which had never been used in the district, and which was more difficult than previous tests used.

The median fourth grade score was 4.2 in arithmetic concepts, and 4.1 in problem solving, which was above the national average for this time of year, and especially high for California schools, which present new material a few months later than other states do.

While the median eighth grade scores were .2 of a grade below the eighth grade level, the range was even wider, with many children doing ninth, tenth, and eleventh grade work.

One of the purposes of the survey was to determine weak spots in the system, and help the district in improving them.

The citizen's committee appreciates the work of the Stanford survey group, and hopes that a service of this type will be continued in the district. In view of the tremendous growth of the district, there is need for constant appraisal and suggestion for improvement.

In addition, we are interested in further analyses of the reading situation, so that the district will best know how to improve itself.

Very truly yours,

Lawrence Freiberg,
Chairman

Bethel Lutheran Sets Festival Of Pentecost

The Festival of Pentecost will be observed this Sunday at Bethel Lutheran church, Alemany boulevard and Huron avenue. This occasion commemorates the anniversary of the birthday of the Christian church.

Two services will be conducted, the first at 8 a.m., and the other at 10:45 a.m. At the second service, new members will be received by the Sacrament of Holy Baptism, by the Rite of Confirmation, and also by transfer or renewal of membership in the Lutheran church. The Rev. Herbert P. Schroeder will preach at both services.

Younger Promises Protest On Serra If Facts Warrant

A move to protect the interests of San Mateo county cities in the current controversy regarding location of Junipero Serra boulevard extension was made this week by Congressman J. Arthur Younger in Washington, D. C.

Younger conferred with Bertram D. Tallamy, federal highway administrator of the United States Bureau of Public Roads, and pinned down the fact that the bureau would not approve any route that is a "violation of accepted standards or economically unsound." Ninety per cent of the money for the proposed road is federal money.

Younger said that if Routes A and B cause severe damage to populated residential areas, and this fact is brought out during the public hearings to be held by the state, he would vigorously protest when and if it reaches the federal level.

CITY SETS BAND CONCERT JUNE 16 AT W'LAKE PARK

First outdoor band concert of the season will be held on Sunday, June 16, at Westlake Park, according to a report today from Dee R. Van Nest, city director of parks and recreation.

Providing the music for the event, starting at 2 o'clock, will be the Daly City municipal band, under the baton of George Brenner.

The concert, highlighted by selections from 'My Fair Lady' and other traditional numbers, will be a kickoff for the city's biggest summer recreation program, which opens June 17.

The band's appearance is made possible through the cooperation of Local 6, American Federation of Musicians, headed by James C. Petrillo, and Charles Kennedy, president of Local 6.

The concert is free to the public, Van Nest added.

TAX EXEMPT STATUS: In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Internal Revenue Service or by the decision of any Federal Court, the successful bidder may at his option prior to the tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

LEGAL OPINION: The purchaser will be required to furnish his own legal opinion as to the legality of said bonds.

TERMS OF SALE

HIGHEST BIDDER: The bonds will be awarded to the highest responsible bidder or bidders considering the interest rate or rates specified and the premium offered, if any. The lowest net interest cost shall be computed on a 360-day year basis. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. The cost of printing the bonds will be borne by the district.

RIGHT OF REJECTION: Said Board of Supervisors reserves the right in its discretion to reject any and all bids and to waive any irregularity or informality in any bid.

PROMPT AWARD: The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than 24 hours after the expiration of the time herein prescribed for receipt of proposals; unless such time of award is waived by the successful bidder.

PROMPT DELIVERY: Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of said County as soon as the bonds can be prepared which it is estimated will be within 30 days from the day of sale, but not prior to the date of the bonds.

RIGHT OF CANCELLATION: The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery within 60 days from the date of sale thereof, and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid.

FORM OF BID: All bids must be for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of said County, and endorsed "Proposal for School Bonds of Jefferson Elementary School District, of San Mateo County."

BID CHECK: With each bid must be submitted a certified check or cashier's check for $5,000.00, drawn on a bank or trust company transacting business in the State of California, payable to the order of the County Treasurer, to secure said District from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the District. Checks of the unsuccessful bidders will be returned by the County Clerk by mail, upon the award of the bonds. No interest will be paid upon deposit made by the successful bidder.

There is no controversy or litigation pending or threatened concerning the validity of the above issue, the corporate existence of said District, or the title of the officers to their respective offices.

Bricker, Barbarski Rites In Cleveland

Double ring rites in St. Jerome's church in Cleveland recently united Rita Mae Barbarski of Cleveland and staff Sergeant Leo A. Bricker of Daly City.

For the formal ceremonies the bride was attired in a silk taffeta gown with a sabrina neckline, accentuated by appliqued lace. Long pointed sleeves of the dress were also embellished with lace.

She wore a chapel train, fingertip veil, and headpiece of a half-hat, matching the gown. For a bouquet, she carried a cascade of white carnations.

The bride is the daughter of Mr. and Mrs. Frank Barbarski of Cleveland. She attended high school in that city and worked for the telephone company there.

The groom, a member of the Marine Corps, is son of Mr. Fred Bricker, 313 Peoria, who recently retired from the PG&E after 27 years service. Leo was graduated from Jefferson High school in 1950.

The couple, who enjoyed a cross-country honeymoon enroute to Leo's station at Barstow Supply Center, Barstow, will make their home on the base for the next two years. The new Mrs. Bricker is now employed with Bank of America in Barstow.

Many out of town guests were on hand for the Cleveland rites, including the groom's father and sister, Mrs. Joe Taylor, and members of the bride's family from Dubois, Pa., and Detroit, Mich.

NEWLYWEDS Mr. and Mrs. Leo A. Bricker stop for the cameraman before departing on honeymoon following recent nuptials in Cleveland, Ohio.

Alice Stephens Weds Bruce Bains Strand

The home of her parents was the recent setting of a nuptial exchange between Miss Alice Nona Stephens of Colma and Bruce Bains Strand of Oakland.

Officiating at the ceremony was the Rev. Archer Winiger, pastor of the Foothill Baptist church in Oakland.

The newlyweds enjoyed a "free weekend" in a comfortable Oakland apartment for their honeymoon.

The bride, daughter of Mr. and Mrs. Jesse W. Stephens, 716 Thornhill drive, is a graduate of Arcada Union high school. She currently is studying nursing at Highland hospital in Oakland, expecting to get her credential this fall.

The benedict, son of Mr. and Mrs. Andrew Strand, 2770 Foothill boulevard, works for his father as a hardwood floor layer and finisher. After graduation from Fremont High, Bruce saw service with the Marine Corps.

For the vow exchange, Alice wore a sleeveless, ballerina-length dres of heavy brocaded taffeta, decorated with rhinestones and embroidery around the low neckline, and white shoes.

Her head band of flowers was pale blue, matching the blue in the dress embroidery. Attached to head band was a small silver veil.

She carried a spray of orange blossoms with trailing ribbons.

Miss Kay Killinger of Arcata was maid of honor.

The bride's mother wore a pastel pink linen dress with a dark gray, three-quarter length sleeve coat. Mother of the groom was attired in a lovely pastel blue linen one-piece dress.

Traditional cake and boysenberry punch featured the reception.

The bride added a matching chesterfield coat to her wedding costume as a going-away ensemble.

Stress Family Plan For CD At James Snell PTA Panel

A family plan for disaster was stressed by the speakers on a panel discussion of civil defense at the final meeting of the James L. Snell PTA held last week.

Harry C. Koch, coordinator of civil defense for San Mateo county, told of a new program recently started in this area. It is known as the community educational service and every member pledges to help in the distribution of material by first receiviing and reading it, and then passing it on to a neighbor or friend.

"Children should be informed early as to the civil defense disaster procedure that will be carried on in the home," said Dennis Huajardo, civil defense coordinator for the JESD.

The distribution of 10,000 pamphlets outlining the disaster procedure in the Daly City-Colma area by the Daly City disaster council was announced by Otis Calhoun, public works director.

Harry Brown, police commissioner of the Broadmoor police department, pledged his department's support and told of their organized police reserve and its traffic training program.

In presenting a large picture of the civil disaster program, Adm. A. G. Cook, director of the San Francisco Disaster Council and Corps, spoke of panic as being a rare phenomenon caused by a feeling of doom, which could only be overcome by faith and knowledge. Angelo Correro, battalion chief in the San Francisco civil defense system, told of organizational methods in establishing block security.

The final business meeting of the year was conducted by President Mrs. Irwin Cohen. A salvage drive is to be held on June 1 to enable the unit to procure additional funds for its new Boy Scout Troop. Michael Orlich reported on the recreation program that is to be held this summer at the Garden Village and Benjamin Franklin schools. City wide tournaments are being planned and circulating events with various teachers from the different schools in charge.

President-elect Mrs. John D. Mitchell presented Mrs. Irwin Cohen with the past president's pin and in return was given the gavel to be used in the ensuing year.

Marian Club Bazaar Termed 'Outstanding'

The Marian Club Bazaar, held last Sunday in Our Lady of Perpetual Help school auditorium, proved an outstanding event in the activities of the teen-age group.

The bazaar opened at 8 a.m. and ended at 6 p.m. Breakfast was served in the morning and refreshments were available all day. There were panda bear, flower, cake and candy, ham and bacon, doll and amusement booths for children.

Proceeds will help to finance teen-age activities the next 12 months.

Father James Bergin, honorary chairman of the bazaar, points out that the youth of today are the nation of tomorrow, and all thoughtful citizens recognize the necessity of encouraging and inspiring them in their aspirations for good wholesome activities.

Haanen, Cloutier Blaze Jeff Toward PAL Crown

Jefferson's comeback kids, champs of the North PAL, bear down for keeps this Friday afternoon when they engage tough Menlo-Atherton in the rubber game for the 1957 PAL baseball championship.

The clincher, paved by Barry Haanen's clutch-hitting and another sensational outfield catch by Gary Ryan here Tuesday, will be settled at Orange park in South City. Clash starts at 3:15 o'clock on the virtual home diamond for the Daly City nine.

All the North PAL chips, from San Mateo backers to South City faithful, will be stacked behind the Indians.

Traditional

Jeff last won a PAL crown in 1953. Conquests before that came in the Eddie Cereghino era. Since 1939, Indian nines have been in the playoffs. Last season, Sequoia nudged Lou Martin's club in the finale.

Mezzera will pitch either Ed Leveroni, cucumber cool senior and pennant hero, or Paul Tapia, junior righthander who is better with age.

Menlo-Atherton has a fine club. The Bears took the South PAL with a 10-2 record. All campaign, M-A is 18-6, loaded with lumber and defense, plus three above-par hurlers.

In last Friday's playoff opener, a sorry affair, M-A prevailed, 9-8, thanks to a fateful balk by Leveroni, relieving for luckless Tapia. Neither team impressed, but last week's scramble showed how well matched the outfits are.

They Counted

Haanen's two singles off Menlo ace Paul Miller here Tuesday (Jeff's only hits) drove in all three runs in the 3-2 Tribe win. Again, a close ball game, decided in the sixth inning. Leveroni was rapped for nine hits. But heads-up defense by his mates saved the day.

During the past two weeks, low stickers have come through to keep the Tribe in the win column. And this Friday, Mezzera believes his boys are ready for their peak team performance.

The 9-8 extravaganza last week provided the preview. Centerfielder Tom Cloutier, under .200 for the year, stunned the Peninsula with the greatest one-game exhibition of hitting in many a moon.

Racked 'Em Up

Tom all but ruined M-A's two best pitchers by driving in five Jeff runs. First time up he slapped a single. Next two trips he swatted 300-foot homers out of the park. On his last plate trek, Cloutier unloaded a double. What more can one player do?

Menlo-Atherton coach had only one comment. "The kid (Cloutier) is one of the most dangerous prep batters I've ever seen. A great future in baseball is in store for him."

Mike Wedlake, Indian shortstop, also splurged for three hits last Friday. Reliable Ino Patron banged two-for-two.

Charges of questionable umpiring, both Friday and Tuesday, can be discounted. Both teams are at the mercy of the men in blue.

Mr. Sanchez

Going for the southern titlists this Friday will be Rudy Sanchez, the Bear winner in relief last week. Also, the M-A skipper will have his best in the lineup. He experimented Tuesday, using a pair of reserve juniors who gave Leveroni as much concern as the rest.

Ryan, incidentally, whose stab of a low liner in the seventh inning Tuesday with two runners aboard, saved the victory, has a bright destiny. Twice this spring he has pulled games out of the fire with spectacular catches. And the growing lad can hit, too.

Four Tribe Seniors In All-Star Contest Saturday At Stanford

Four Jefferson seniors will be on the North PAL squad this Saturday when it meets the South PAL's best in a season-ending all-star game at Stanford's sunken diamond. Starting time is 2 o'clock.

Going for the Indians are outfielders Del Scott and Tom Cloutier, pitcher Ed Leveroni, and catcher Bill Strassburger.

Jeff's Steve Mezzera and Chick Hinds of Burlingame will skipper the northern nine. All players involved are seniors...

JUNIOR Barry Haanen of Brisbane chalked up double honors this week as a mainstay on Jefferson's championship nine. One of four Indians named to the All-North PAL team, the versatile lad slapped two hits and knocked in all three Jeff runs in Tuesday's second PAL playoff game with Menlo-Atherton. Barry was All-league last year, too. This time he hit .300 in the pennant drive.

Chase Wins Pole Vault At Hollister

Senior Jeff Chase paced Bob Watt's 18-member Jefferson track contingent Friday night in the Hollister Relays by bagging a 12-foot pole vault.

Chase, who holds the school record, failed three times in his assault on 12-5½.

The Indians picked up 9 4/5 points in the affair, dominated by Washington High of San Francisco.

Watt's two-mile relay took a third. Jim Farley's toss of 56 feet in the shot gave him a fourth. Dennis Marc tied for third in the high jump, leaping 5-6. Felix Valdez and Andy Estigoy ran well in the mile relay, although the Tribe entry finished fifth.

Sprinter Sonny Martinez dropped out of the 100-yard dash after 75 yards due to a pulled muscle. He was fighting for the lead at the time.

The Indian 440 and 880 relay units were out of the running.

Westmoor managed three points in the meet's B division. Coach Ernie Ribera, however, did not disclose to the press how his Rams did individually.

WESTMOOR HIGH'S football fortunes this fall in the Peninsula Athletic League hinge on the success these four coaches have with 60 Ram prospects. Head man Pete Matisi (second from right) likes what he sees in spring training. Varsity aides are (left to right) Will Stensland and Floyd Gonnella, while Rod Losberger (far right) will handle the frosh-sophs. Matisi guided Serra High to the Catholic League championship last season.

Scribes Select

Leveroni, Strassburger, Haanen, Patron 'All NPAL'

By Roy Hurlbert

Jefferson's pennant-winning nine claimed four slots on the Athletic League baseball team, in a list released today by the Peninsula Sportswriters Association.

Indians on the first team are seniors Ed Leveroni and Bill Strassburger and juniors Barry Haanen and Ino Patron. Haanen and Patron are "repeats," having won similar distinction last year.

No Hesitation

Scribes were unanimous for Leveroni, Strassburger and Haanen, while Patron lacked one vote of a clean sweep.

"Player of the Year" went to San Mateo's all-around Barry McCarron, who led the loop in hitting (.444) and in pitching (5-2). Writers listed him as a utility man on the all-star squad.

Other selections on the All-PAL first team are: Jim Hollister, Hillsdale, 1b, .432; Gil Ullery, South City, ss, .344; Buddy Ruiz, South City, 3b, .297; Jim Russell, Capuchino, outfield, .406; Russ Dahlen, Capuchino, outfield, .343; Larry Weber, Capuchino, pitcher, 3-2, and Larry Moench, Burlingame, utility, .303.

Scott Ruling

Del Scott, Jeff's senior outfielder, earned a berth on the honorable mention list. The lanky lad headed the league with a .450 plate mark, but was denied the batting title on a technicality.

Scribes, confirming their stand with the Pacific Coast League statistician, ruled that since McCarron played in 12 full games and batted .444, he should be the official batting leader.

Scott, who took over in right field with a third of the season gone, played in 9 games with 9 hits in 20 trips to the plate. He needed at least two at-bats in 12 games to prevail as batting king.

The honorable mention team includes Day and Cole of Carlmont, Buddy Baer of San Mateo, Gene Tagliaferri of Cap, Jim Bechtold of Burlingame, and Al Haaman of Hillsdale.

Leveroni, Indian workhorse, had a 6-4 mound mark, led the North PAL hurlers with 60 strikeouts, had an ERA of 1.90, and batted .280.

Strassburger, far ahead of his fellow receivers, posted a .265 plate average and killed runners all year with his rifle arm.

Versatile Barry

Haanen, filling in when it counted and blasting crucial hits, wound up with a .300 average. He spread his time in the outfield, first base, third, and was ready for hill duty, if necessary.

Patron, the scrappiest Indian of all, finished with a .270 mark. No other second baseman held a glove to him this spring.

The scribes declined to name a coach of the year, citing that the race was too close to single out one field boss. The Indians landed on top of the heap, however, and Steve Mezzera made them tick.

Just for the record, three of the five Jeff players honored hail from Brisbane. Haanen, Scott and Strassburger come from the hillside community.

SUMMER REC SKED TOLD NEXT WEEK

Hix Pitches, Hits Broadmoor 84 To Twin Peaks Flag

Turning in two innings of no-hit, no-run relief pitching and banging a run scoring single in the sixth, Bruce Hix paced Broadmoor 84 to championship of the West Of Twin Peaks league Sunday.

Hix' versatility gave his club National league titlists a 8-7 victory over the 167 A's, American league pennant winners, in a game held at West Sunset field.

Ron Johnson, suffering a wild streak, handed 167 a 7-2 lead going into the sixth frame when Hix took over. His teammates pulled up even with 167 in the sixth on a pair of singles and assorted free passes.

Unbeaten Trojans Beat Faculty, 5-1

Colma school's Trojans recently climaxed a perfect season with a 5-1 win over the Faculty nine.

In league action, the Trojans downed South City, 10-7 and 9-2, Burlingame, 7-3 and 9-3, and Millbrae, 23-0.

Outstanding for the locals were three .500 batters — third baseman George Claus, shortstop Bill Hix, and first baseman Terry Christman.

Catcher John Souza and outfielder John Junglas also played top ball, according to their coach.
